

INITIATIVE ON METHODS, MEASUREMENT, AND PAIN ASSESSMENT IN CLINICAL TRIALS

IMPACT-XI

“RESEARCH DESIGN CONSIDERATIONS FOR CLINICAL TRIALS OF
PRE-EMPTIVE ANALGESIA AND THE PREVENTION OF CHRONIC PAIN”

JUNE 5-6, 2009
RITZ CARLTON PENTAGON CITY
ARLINGTON, VIRGINIA

THURSDAY, JUNE 4

7:00 PM RECEPTION AND DINNER
at the Ritz Carlton

FRIDAY, JUNE 5

7:00–7:45 AM CONTINENTAL BREAKFAST

7:45–8:10 AM Welcome, introductions, and IMPACT update

- Dennis Turk, PhD

8:10–8:30 AM Analgesic Clinical Trial Innovations, Opportunities, and
Networks (ACTION): an FDA critical path public-
private- partnership

- Bob Rappaport, MD

8:30–9:00 AM Neurobiologic aspects of preventing acute and chronic pain

- Clifford Woolf, MD, PhD

9:00–9:30 AM Risk factors for the development of chronic pain, including
genetic predispositions

- Roger Fillingim, PhD

9:30–10:15 AM Research design considerations for clinical trials of
[perioperative analgesic](#) medications to [optimize](#) acute
[postoperative pain management and recovery](#)

- Srinivasa Raja, MD

10:15–10:45 AM COFFEE BREAK

10:45–12:30 PM Discussion/consensus recommendations: research design
considerations for clinical trials of perioperative
analgesic medications and acute [postoperative](#) pain and
recovery

- moderated by Dennis Turk

12:30–1:30 PM LUNCH

- 1:30–2:00 pm **Chronic post-surgical pain**
- Ian Gilron, MD
- 2:00–2:30 PM **Postherpetic neuralgia**
- Robert Dworkin, PhD
- 2:30–3:00 PM **Painful diabetic peripheral neuropathy**
- Dan Ziegler, MD
- 3:00–3:30 PM **COFFEE BREAK**
- 3:30–4:00 PM **HIV and chemotherapy-associated peripheral neuropathies**
- Michael Polydefkis, MD
- 4:00–5:00 PM **Discussion/consensus recommendations: research design considerations for clinical trials to prevent chronic neuropathic pain**
- moderated by Robert Dworkin
- 7:00–9:00 PM **DINNER**

SATURDAY, JUNE 6

- 7:00–8:00 AM **CONTINENTAL BREAKFAST**
- 8:00–8:30 AM **Complex regional pain syndrome (CRPS) type 1**
- Anne Louise Oaklander, MD, PhD
- 8:30–9:00 AM **Chronic neuropathic low back pain**
- John Markman, MD
- 9:00–9:30 AM **Chronic musculoskeletal low back pain**
- James Robinson, MD, PhD
- 9:30–10:30 AM **Discussion/consensus recommendations: research design considerations for clinical trials to prevent CRPS type 1 and chronic low back pain**
- moderated by Dennis Turk
- 10:30–11:00 AM **COFFEE BREAK**
- 11:00–11:30 AM **Discussant: Critical methodologic aspects of clinical trials to prevent chronic pain**
- John Farrar, MD, PhD
- 11:30 AM–12:30 PM **Final consensus recommendations: research designs for pre-emptive analgesia and the prevention of chronic pain**
- moderated by Bob Dworkin and Dennis Turk
- 12:30–1:30 PM **LUNCH**

1:30–2:30 PM

Final consensus recommendations: research designs for pre-emptive analgesia and the prevention of chronic pain, *continued*

- moderated by Bob Dworkin and Dennis Turk

2:30–3:30 PM

Resource for Evaluating Procedures and Outcomes of Randomized Trials (REPORT): progress report and future directions

- Robert Dworkin, PhD

3:30 PM

ADJOURN
